The only home we know

Read the story then answer the questions.

The world has so many people living on it now. This means we make a lot of waste. This waste causes huge problems around the world. There is smoke in the air, rubbish on the ground and plastic in the sea. This makes life very difficult for people, animals and plants. We must start taking better care of our planet, it is the only place we have to live.

Can you answer the questions?

What is wrong with the animals in the picture?

Why is plastic in the sea a problem?

What do they mean when they say "it is the only place we have"?

What can we do to help solve this problem?

A Day at the Beach

Read the story then answer the questions.

The beach is a great place to go for a day out. We can play in the sand and go swimming in the sea. They have snack shops so we can buy food and toy shops so we can buy toys for the beach. I like making sandcastles on the beach. When it is sunny it can get hot, so we can sit under a tree or umbrella. When it is very hot we can eat ice-cream.

Can you answer the questions?

What can you do at the beach?

What do they eat if it is very hot?

What two types of shops are at the beach?

Do you like to go to the beach? Why?
